

Liquid Filter Bags

Features and Specifications

- The Filter Factory’s liquid filter bags are manufactured in the USA, and are made with the highest grade materials to offer you quality and efficiency in each bag
- All standard sizes are available with 15 different top rings to offer you the proper filter bag you need to adapt with your existing housings
- Ratings from 1 to 1000 micron and 6 different medias suitable to your application
- Bag Handles are standard on our bags at no additional cost
- Our filter bags are produced in a silicone free environment
- Custom bags, sleeves or panels can be produced to your specifications, offering you complete control of the filtration process
- Multi-Layered filter bags are available
- Optional Glazing inhibits fiber migration and enhances efficiency
- All materials used in production are FDA Title 21 compliant

Available Material	Micron Rating
PE – Polyester Felt	1, 5, 10, 25, 50, 75, 100, 200
PO – Polypropylene Felt	1, 5, 10, 25, 50, 75, 100, 200
PEM – Polyester Multifilament Mesh	100, 150, 200, 250, 400, 600, 800, 1000
NM – Nylon Multifilament Mesh	150
NMO – Nylon Monofilament Mesh	5, 10, 25, 50, 75, 100, 150, 200, 250, 300, 400, 600, 800, 1000
OR – Oil Removal	25

 Made in the USA

Specifications & Ordering

Finish or Cover	Bag Size
P = None (standard)	1 = 7-1/16" dia x 16-1/2" L
FF = Fiber Free	2 = 7-1/16" dia x 32" L
G = Glazed	3 = 4-1/8" dia x 8" L
S = Singed	4 = 4-1/8" dia x 14" L
NMO = Nylon Monofilament Mesh Cover	5 = 4-1/8" dia x 24-1/2" L
NM = Nylon Multifilament Mesh Cover	7 = 5-5/8" dia x 15" L
C = Cerex (Spunbonded Nylon) Cover	8 = 5-5/8" dia x 21" L
L = Spunbonded Polypropylene Cover	9 = 5-5/8" dia x 32" L
R = Reemay (Spunbonded Polyester) Cover	12 = 8" dia x 32" L
PEM = Polyester Multifilament Mesh Cover	CN1 = Cuno© #1 size housing, 9" dia x 20" L
A = Automotive	CN2 = Cuno© #2 size housing, 9" dia x 30" L
	RP1 = Ronningen-Petter© #1 size housing, 8" dia x 30" L
	RP2 = Ronningen-Petter© #2 size housing, 8" dia x 40" L
	CM1 = Commercial Filters© #1 size housing, 7-5/16" dia x 16-1/2" L
	CM2 = Commercial Filters© #2 size housing, 7-5/16" dia x 31" L
Ring Style	Handle Options
S = Carbon Steel, standard 12" handle	No symbol = standard 12" polypropylene material
SS = Stainless Steel, standard 12" handle	NH = No Handle
PO = Polypropylene, standard 12" handle	DH = Double Handle
DS = Drawstring	LH = 18" Handle
F = FSI Plastic Flange	RC = Reverse Collar
NR = No Ring
